About Sprint Bioscience AB (publ)

Sprint Bioscience develops small molecule first-in-class drug programs with a focus on oncology. With a fragment-based drug development method, the company develops drug programs in a time- and resource-efficient manner. The programs are out-licensed to global pharmaceutical companies during the pre-clinical phase and the company has successfully entered into several license agreements. The Sprint Bioscience share is listed on the Nasdaq First North Premier Growth Market and trades under the ticker symbol SPRINT. The company is based in Stockholm with operations located in Huddinge. Further information is available on the company's website: www.sprintbioscience.com. Certified Advisor is FNCA Sweden AB, www.fnca.se.
