Fasadgruppen divests Alnova Balkongsystem AB

Fasadgruppen has signed an agreement to divest Alnova Balkongsystem AB ("Alnova") to Hindås Holding AB ("Hindås").

Alnova, based in Gothenburg, employs approximately 70 people and has annual sales of around SEK 150 million. The company has been part of Fasadgruppen since 2022 and operates within the production of balcony systems and installation of related balcony solutions.

The divestment is part of Fasadgruppen's efforts to actively develop the portfolio structure within the Specialist Companies segment and to ensure the right conditions for continued value creation and an improved margin profile within the Group.

– During its time within Fasadgruppen, Alnova has contributed valuable expertise and an engaged team. At the same time, the company is entering a new development phase in a challenging market, where Hindås is considered a more natural owner going forward, says Nils Andrén, Chairman of Alnova.

The transaction will have limited cash flow impact for Fasadgruppen. As a result of the divestment, a non-cash item related to goodwill will be recognized in connection with the closing, in accordance with applicable accounting principles.

The transaction is expected to be completed in December 2025.
