IDEX receives initial IDEX Access order through Infinigate

IDEX Biometrics ASA (Euronext Oslo Børs: IDEX) has received an initial purchase order for IDEX Access through Infinigate, one of IDEX' key distribution partners.

The order was placed for a newly recruited and onboarded Infinigate reseller that specialises in IT security for the property management sector. Delivery is scheduled for Q4 2026.

About Us
*IDEX Biometrics ASA (OSE: IDEX) develops and makes fingerprint **biometric cards for access control**, digital identity and payment. By authenticating identity through fingerprint biometrics rather than passwords, PINs or traditional credentials, IDEX enables secure and convenient access to physical and digital services. Fingerprint matching happens directly on the card, offline and without transmitting biometric data. Certified by Visa, Mastercard, FIDO2 and EAL6+, and backed by more than 250 patents and over USD 350 million invested in R&D, IDEX serves banks, enterprises and public sector organizations directly and through channel partners worldwide.*
