## Correction regarding the timing of reservations attributable to a customer contract in 5G Cloud Network Data Layer

Enea announces today a correction regarding the timing of reservations for not yet received payments, amounting to EUR 4 million, attributable to the multi-year contract for 5G Cloud Network Data Layer, signed with a European telecom operator in June 2020.

The company has established that the reservation will impact the second quarter since the triggering event occurred after the end of the first quarter.
