The board of directors of Goobit Group AB (publ), corp. reg. no. 556952-8671, proposes that the general meeting resolves to increase the company's share capital with not more than SEK 1,409, 212.790000 by an issue of not more than 140,921,279 new shares on the terms and conditions set out below:

1. Whoever is registered as a shareholder on the record date for the new issue has preferential rights to subscribe for new shares in relation to the number of shares held on the record date. One (1) existing share held on the record date entitles to one (1) subscription right. One (1) subscription right entitles to subscribe for one (1) issued share.
2. In the event that all new shares are not subscribed for with pre-emption rights the board of directors shall, within the limit of the maximum number of shares to be issued, resolve on allocation of new shares without subscription rights. Allocation will then be made in accordance with the following:
 1. firstly, allocation without preferential rights shall be made to those who have also subscribed for new shares with subscription rights, regardless of if the subscriber was a shareholder on the record date or not, and in case of oversubscription, pro rata in relation to the number of new shares subscribed for with subscription rights;

4. Subscription of, and payment for, new shares based on subscription rights shall be made by simultaneous cash payment or by set-off of claims against the company in connection with subscription on a subscription list during the period from and including 27 October 2023 to and including 10 November 2023. Item 12 – Resolution on the authorization for the Board of Directors to issue shares, subscription warrants and/or convertibles

The Board of Directors proposes that the Annual General Meeting resolves to authorize the Board of Directors to, on one or more occasions during the period until the next Annual General Meeting, with or without deviation from the shareholders' preferential rights, decide on the new issue of shares and/or issue of subscription warrants and/or convertibles. The motivation for this authorization is that, given the prevailing conditions in the capital market, the Board believes it is of great importance to have sufficient operational flexibility to quickly seize opportunities and address challenges that the Company may face. This could include, but is not limited to, securing financing for strategic investments or strengthening the Company's capital structure.

To the extent that the authorization is exercised for a decision on an issue with deviation from the shareholders' preemptive right, the number of shares that may be issued, or alternatively added, when exercising subscription warrants or conversion in total corresponds to a maximum of 50 percent of the total number of outstanding shares in the Company at the time when the Board of Directors first exercises the authorization. The authorization includes the right to decide on an issue with the condition that payment can be made in cash or by set-off or otherwise be accompanied by conditions.

For a valid resolution, according to the present proposals above, it is required that the resolution is supported by shareholders with at least two thirds of both the votes cast and the shares represented at the meeting.
