About Impact Coatings

Impact Coatings is a global technology leader and full-service provider of PVD coating solutions, focusing on hydrogen and metallization applications within two key growth markets – green energy and sustainable mobility.

PVD stands for Physical Vapor Deposition – clean processes of applying thin layers of coatings to design surface properties, prolong lifespan, and improve product performance. The company's offer consists of efficient, modular, and flexible PVD equipment, and Coating Services, underpinned by 25 years of coating experience and expertise.

The Company was founded in 1997 and has since expanded in Europe, Asia and North America. Current production facilities are located in Linköping, Sweden, and in Shanghai, China, with a new site planned in the USA.

The Impact Coatings share is listed on Nasdaq First North Growth Market (Nasdaq Nordic). The company's Certified Adviser is Redeye AB.
