Heimar hf.: Increase of the Bond Series HEIMAR50 GB

Heimar hf. (“Heimar” or the “Company”) has today completed an increase of the bond series HEIMAR50 GB.

HEIMAR50 GB is a green, inflation-linked bond series secured by the Company’s general security arrangement. Bonds with a nominal value of ISK 3,000 million were sold at a yield of 3.92%, bringing the total nominal amount of the series to ISK 21,720 million following the increase.

The expected settlement date of the transaction is November 27, 2026, after which a request will be made for the bonds to be admitted to trading on the Nasdaq Main Market.

ACRO Securities hf. acted as the arranger for the transaction and the increase of the bond series.

In case of any discrepancy between the English and Icelandic versions of this notice, the Icelandic version shall prevail.
