About Desenio Group

We are one of Europe's leading e-commerce companies in accessible art, with the ambition to also establish a strong position in North America. We provide customers with everything they need to create personal and inspiring homes through a wide and curated range of posters, canvases, and accessories.

We are present in 37 countries. Our growth is driven by a dynamic business model that combines a proprietary technical platform, industrialized creative processes, and efficient digital distribution. Simultaneously, we develop our offering by creating our own original art, curating collections, and collaborating with external artists.
