## Thule introduces Thule Caprock – the roof platform designed to support all adventures

*The new roof platform Thule Caprock is built for heavy-duty use and versatility, allowing drivers to transport bulky cargo with ease.*

### The rugged and stylish roof platform designed to support all your adventures

Transform the roof of your car into the foundation for adventure with the Thule Caprock roof platform. With its modular design and endless possibilities this sleek roof platform will support all your gear and mounts to a host of vehicle types, with or without crossbars.

### Versatile design for bike carriers, kayak racks and everything else

Thule Caprock transforms any vehicle into an adventure vehicle. With its modular design, it allows for endless possibilities for attaching a rooftop tent or accessories – perfect for overlanding and camping trips. The roof platform comes in multiple sizes to accommodate varying roof dimensions, making it easy to perfectly fit your car. It also offers several mounting options with integrated T-slots so you can attach other Thule rack products as needed.

*“We are very excited to introduce our most versatile roof platform yet – the Thule Caprock. This heavy-duty rack is designed to help adventurers live life on the move without sacrificing style or performance.” Björn Strid, Director Product Management at Thule.*

Thule Caprock will launch to consumers on April 1, 2023 with a recommended price of 899-1099€. The use of Thule Caprock requires a footpack, purchased separately.

### About Thule

The Thule brand was established in 1942. Under the motto Bring your life, Thule globally offers a wide range of premium products for active people that allow them to bring what they care most for – safely, easily and in style. Thule designs and manufactures roof racks, bike, water and winter sport carriers, roof boxes, computer, and camera bags, sports bags and backpacks and child-related products such as baby joggers, child bike seats and bike trailers. The products are sold in more than 140 countries. Thule is the largest brand in Thule Group.

Thule Caprock can be mounted on your car in two different ways. For a lower fit to the vehicle, and when the Thule Caprock platform will be your main cargo solution, we recommend mounting it directly on the type of Thule load carrier feet (sold separately) that fits your vehicle. Thule Caprock can also be mounted by attaching it to existing crossbars, using the Thule Caprock Crossbar Kit (sold separately) if you frequently plan to use the crossbars for other types of transports.

Placed directly on load carrier feet.

With Thule Caprock Crossbar Kit.

## Thule Caprock

Thule Caprock comes in 5 different sizes from S to XXL.

## Thule Caprock accessories

### Thule Caprock Railing Kit

Adjustable railing kit quickly transforms your Thule Caprock roof platform into a versatile roof basket.

### Thule Caprock Crossbar Kit

Crossbar adapter allows you to easily attach the Thule Caprock roof platform to existing crossbar systems.
