Mycronic presents new financial targets

Mycronic AB (publ) presents new financial targets for the period until 2032-2035.

Mycronic's new financial targets for the period until 2032-2035 are the following:

- Net sales to reach SEK 20 billion.
- EBIT margin to remain around 25 percent.

The new targets will be presented today at Mycronic's Capital Markets Day at the company's head office in Täby. The Capital Markets Day, excluding the production tour, can also be followed via webcast.

"We are now establishing new growth and profitability targets, with net sales to reach SEK 20 billion by 2032-2035 and the EBIT margin to remain at current levels of around 25 percent. The sustainability targets are unchanged, as is the requirement for each division to achieve an EBIT margin above 10 percent", says Anders Lindqvist, Mycronic's President and CEO.
