

ReFuels Updated Company Presentation

23 January 2024 - ReFuels N.V., one of Europe's leading suppliers of renewable biomethane (Bio-CNG) for decarbonisation of heavy goods vehicles, has published an updated company presentation which will be used by in connection with planned investor meetings.

The presentation includes new information about station portfolio profitability and an illustration of the expected gross margin impact of increased prices for market-based certificates (RTFCs).

The presentation is attached to this release and is also available on the company's investor webpage.

About ReFuels

ReFuels is decarbonizing Europe's truck fleet by developing, owning, and operating green station infrastructure. We are rolling out a network of reliable and convenient stations offering renewable biomethane fuels to heavy goods vehicles, with hydrogen and electricity to be added. By end-2026 the target is to have 30-40 stations across the UK, while the long-term ambition is to become Europe's leading integrated supplier of alternative fuels for commercial fleets. For further information please visit www.refuels.com.
