About Upsales

Upsales is a Stockholm-based software company on a mission to build the leading AI platform for B2B revenue growth. With best-in-class data and proprietary AI agents, Upsales helps companies accelerate profitable growth. Over the last two decades, the company has built a track record of organic, profitable growth. Upsales is a net cash company with zero debt and strong cash flows. Its scalable business model is powered by over 90% recurring subscription revenue. Upsales serves customers in 10 countries, with the majority of its customer base in Sweden. The company was founded by Daniel Wikberg, who remains one of the largest individual shareholders with over 10% of the shares and serves on the board of directors.

Upsales Technology AB (publ) is a public company listed on the Nasdaq First North Growth Market. The Company's Certified Adviser is DNB Carnegie Investment Bank AB (publ).
