

W5 Solutions secures SEK 57 million order from KNDS for CV90 simulators for the Swedish Armed Forces

Business area Power has received an order worth SEK 57 million from KNDS in Germany, a European leader in armoured vehicle technology, to support the Swedish Armed Forces' new CV90 simulators. The contract includes the design, development and production of simulator cabins, with deliveries planned between 2025 and 2028.

This significant order highlights W5's role as a key partner to KNDS, delivering a complex solution that perfectly aligns with W5's extensive simulator capabilities. The contract covers design, manufacturing and integrated logistics support (ILS) alongside comprehensive service and support to ensure effective delivery and future operation.

"It's a great honour to be selected for this important programme, that will enable the end-user to deploy soldiers more quickly and better prepared. We are fully committed to delivering these state-of-the-art, integrated and modular simulator cabins," says Evelina Hedskog, President and CEO of W5 Solutions.

About KNDS

KNDS is a Franco-German defence group established in 2015 by the shareholders of KMW and Nexter, focusing on the land defence sector. KMW, founded in 1999, has evolved into the market leader for heavily armoured wheeled and tracked vehicles in Europe. Together, they operate production lines in France and Germany and maintain extensive industrial partnerships worldwide.

Their combined portfolio encompasses main battle tanks, armoured vehicles, artillery systems, as well as advanced customer services, training solutions, and protection systems, with over 50 nations relying on their innovative military land solutions.
