ABELCO PORTFOLIO UPDATE: NEXUS IGNITE ADVANCES SOVEREIGN AI INITIATIVE IN INDIA

Abelco Investment Group AB (“Abelco” or the “Company”) provides an update regarding Nexus Ignite, a company in which Abelco holds a minority ownership interest.

According to Indian business publication Bizz Buzz, Nexus Ignite has entered into a strategic partnership with Infiflex Technologies to develop sovereign AI cloud infrastructure in Kolkata, India. The initiative is intended to support data sovereignty and AI computing requirements for Indian enterprises.

The partnership represents continued commercial and strategic progress for Nexus Ignite within AI infrastructure and sovereign cloud solutions.

Abelco views the development positively and will continue to monitor Nexus Ignite’s progress as part of the Company’s exposure to AI-related investments.
