Preface

This remuneration report ("Remuneration Report") provides an overview of the total remuneration received by each member of the Board of Directors (the Board) and the Executive Management of Elliptic Laboratories ASA, registration no. 989 750 186 ("Elliptic Labs" or the "Company"), for the financial year 2021 with comparative figures for the past five years.

The term "executive personnel" includes members of the Company's executive management team (the "Executive Management") and other key employees, as well as any employees that are members of the Board. Executive Management refers in this Remuneration Report only to members of the Executive Management of the Company registered as such with the Norwegian Business Authority.

The Company's Remuneration Policy¹ adopted at the Extraordinary General Meeting in January 2022 provides the framework for the remuneration of the Board and Executive Management for 2022 and outwards but in a retrospective test there is no material deviations from this policy for the 2021 remuneration payouts.

The overall objective of the Remuneration Policy is to attract, motivate, and retain qualified members of the Board and Executive Management, to align the interests of the Board and Executive Management with the interests of the Company's shareholders and stakeholders as well as to support Elliptic Labs strategic goals and promote value creation aligned to the interest of the shareholders.

Elliptic Labs' vision of building the leading software platform for all sensors, making every device smarter, more human- & environmentally friendly requires Elliptic Labs to sustain a talented, agile, and cost-effective organization with sensors that touch every aspect of life and drive the digital transformation.

This, combined with the long-term performance of the company and the companies' corporate values, where Elliptic Labs states that; Ethical and professional behavior is part of the Elliptic Labs DNA, guides the overall principles for and the individual elements of remuneration for both the Board and Executive Management.

To ensure that Elliptic Labs remuneration promotes both strategic goals as well as long-term value creation and sustainability, the remuneration includes both fixed remuneration, short-term incentives, and long-term incentives.

Remuneration of Executive Management is related to the result of Elliptic Labs financial and sustainable performance through incentives. Elliptic Labs financial health and performance is directly linked to its abilities to invest in research and development, thereby paving the way for even better solutions to provide the world with the leading software platform for all sensors, making every device smarter, more human- and environmentally-friendly.

The Remuneration report has been prepared in accordance with section 6-16b of the Norwegian Public Limited Liability Companies Act and the European Commission Guidelines² on the standardized presentation of the remuneration report under Directive 2007/36/EC, as amended by Directive

Annual Fixed Salary

Providing a fair and competitive annual fixed salary as part of the total remuneration package is key for the continued company success and continuity in the Executive Management. The fixed annual base salary for members of the Executive Management and other key employees is determined based on the level of the position in the organization (defined

through detailed job evaluations), local labor market conditions, individual conditions including performance, budget, and recommendations by the remuneration committee. The fixed compensation shall be reasonable, fair, market-aligned, and competitive.

In 2021, the annual fixed salary of the Group CEO was determined by the Board of Directors, and the annual fixed salary of the members of the Executive Management was determined by the Group CEO in consultation with the chair of the Board.

For 2022 the Group established Guidelines on remuneration for executive personnel

Fringe Benefits

Members of Executive Management have received customary work-related non-monetary employment benefits such as insurance, newspaper, telephone, and internet access as approved by the Board and in line with the Remuneration Policy.

Pension Expense

The Company has established an occupational pension scheme with a defined contribution pension for members of the Executive Management and other employees in Norway, in accordance with the Mandatory Occupational Pension Act. The group's employees in the United States are enrolled in the 401k. The provision for enhanced mandatory Safe Harbor Matching Contribution include 100% of the first 6% of Elective Contributions.

The remuneration committee shall on a yearly basis address that the Company practice is within market standards for pensions and insurance schemes.

Variable remunerations - One year variable

The Company has established a bonus scheme for members of the Executive Management. The bonus is based on the results of the financial year and strategic targets. The bonus is intended to contribute to the Company reaching its long-term strategic goals following the guidelines from the Remuneration Policy.

The bonus pay-out level is defined by achievement of signed contracts in the verticals where the Group operates, in addition KPIs, such as as financial results, revenue and EBITDA, and a personal KPI part, whereas for 2021 successful capital raise, was a KPI. For 2021 the Group did not have a general remuneration policy and all bonus agreements was individually agreed upon. For 2021, the maximum size of bonus payment to the Group CEO was determined by the board. Any bonuses to the members of the Executive Management were determined by the Group CEO together with the Board of Directors. The 2021 Bonus took into consideration the contribution to long term growth for the company and personal KPIs for the executives.

For 2022 the Group established Guidelines on remuneration for executive personnel.

New Options 2022

In Q1 2022 the Board has awarded the management options granted under the Company's new long-term share option program. The granted options is not reflected in above table.

- Laila Danielsen (Chief Executive Officer) has been granted 410 000 share options.
- Lars Holmøy (Chief Financial Officer) has been granted 152 500 share options.
- Espen Klovning (Chief Technology Officer) has been granted 285 000 share options.
- Brian Daly (Senior VP of Sales and Business Development) has been granted 285 000 share options.

The options have a 3-year vesting period and vest in equal parts yearly and have an expiry date 2 years after the last vesting period. First One-third (1/3) of the shares represented by this option plan shall become vested 31st of December 2022 and yearly thereafter.

Potential share purchase program

In addition to the Share Option Program, the Board is considering establishing a share purchase program where members of the Executive Management and other employees have the opportunity to participate. The details of this program are not yet determined, and the Board will during the course of 2022 work on establishing the framework for this program. It is expected that shares under the share purchase program will be offered at a certain discount to market price with a non-sell clause as part of the long-term incentives plan.

Extraordinary Items, Termination and Severance Payments

The CEO is entitled to severance pay in the amount of three months' base salary upon termination of the employment. Other arrangements for severance pay upon termination of employment by members of the Executive Management will, if any, be set in conjunction with confidentiality and non-compete clauses in each individual's employment contract to ensure that only limitations in the individual's opportunity to obtain new employment are compensated. Severance pay agreements shall in principle include deduction for income received from other sources.

For the financial year 2021 no extraordinary payments were made to the Executive Management.

Use of the right to reclaim remuneration

No remuneration has been reclaimed in 2021.

4. Compliance with the Remuneration Policy

The remuneration of the Board and Executive Management for the financial year 2021 was in compliance with the then ruling policies. For 2022 those are replaced by the new and updated framework provided by the Remuneration Policy.

5. The Board of Director's Statement on the Report

The Board has today approved the Company's Report for the financial year 2021.

The Report has been prepared in accordance with section 6-16b of the Norwegian Public Limited Liability Companies Act.

The Remuneration Report is submitted for an advisory vote at the Annual General Meeting 2022.

6. Independent Auditor's Statement

Independent Auditor's Statement on the Remuneration Report follows on the next pages

To the General Meeting of Elliptic Laboratories ASA

Independent auditor's assurance report on report on salary and other remuneration to directors

Opinion

We have performed an assurance engagement to obtain reasonable assurance that Elliptic Laboratories ASA report on salary and other remuneration to directors (the remuneration report) for the financial year ended 31 December 2021 has been prepared in accordance with section 6-16 b of the Norwegian Public Limited Liability Companies Act and the accompanying regulation.

In our opinion, the remuneration report has been prepared, in all material respects, in accordance with section 6-16 b of the Norwegian Public Limited Liability Companies Act and the accompanying regulation.

Board of directors' responsibilities

The board of directors is responsible for the preparation of the remuneration report and that it contains the information required in section 6-16 b of the Norwegian Public Limited Liability Companies Act and the accompanying regulation and for such internal control as the board of directors determines is necessary for the preparation of a remuneration report that is free from material misstatements, whether due to fraud or error.

Our independence and quality control

We are independent of the company as required by laws and regulations and the International Ethics Standards Board for Accountants' Code of International Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. Our firm applies International Standard on Quality Control 1 (ISQC 1) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Auditor's responsibilities

Our responsibility is to express an opinion on whether the remuneration report contains the information required in section 6-16 b of the Norwegian Public Limited Liability Companies Act and the accompanying regulation and that the information in the remuneration report is free from material misstatements. We conducted our work in accordance with the International Standard for Assurance Engagements (ISAE) 3000 – "Assurance engagements other than audits or reviews of historical financial information".

We obtained an understanding of the remuneration policy approved by the general meeting. Our procedures included obtaining an understanding of the internal control relevant to the preparation of the remuneration report in order to design procedures that are appropriate in the circumstances, but

not for the purpose of expressing an opinion on the effectiveness of the company's internal control. Further we performed procedures to ensure completeness and accuracy of the information provided in the remuneration report, including whether it contains the information required by the law and accompanying regulation. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.
