Sari Somerkallio CFO
Q1: Strategy execution continues

Colored by challenging market environment

Revenue growth of **1.6%** – weak performance especially within new sales

**Market uncertainty** continued, consumer sentiment weaker in the face of interest rate hikes and inflation – significant decline in device sales globally

**Brand** renewal and launch of the new generation **F-Secure Total** in Direct Channel

Planned **acquisition of Lookout Life**, US-based consumer focused mobile security business arm of Lookout Inc*

---

* Event after the review period, announced on 26 April 2023
## Progress in strategy execution in Q1/2023

**Increase average revenue per user (ARPU)**

- Accelerate the roll-out of F-Secure Total
  - Signed up 3 new partners for F-Secure Total
  - 8 existing partners signed up for F-Secure Total upgrade
  - New generation F-Secure Total launched in the Direct Channel in mid-February.

**Developing current offering and new products**

- Expand market coverage and the accessible market
  - Launch of F-Secure Sense with one operator in Denmark and another one in Netherlands
  - Second partner for Embedded Security signed: leading Fintech company in Asia

**Expand into new channels**

- Replicate our proven business model
  - Joined forces with Allianz Partners
  - Active pipeline development: Insurance companies, banks, payment providers
Short-term performance drivers

Growth drivers

• Weak consumer sentiment resulting in a global decline in devices, impact visible especially in new sales
• Partner Channel on a solid track, with new partners signing up and existing partners upgrading for Total
• Strong underlying demand, we expect the situation to improve already in the second quarter

Profitability drivers

• Strategic investments in growth and R&D investments to strengthen our independence is burdening our profitability
• TSA costs to terminate by the end of 2023

Other drivers

• FX impact in revenue
• Demand for cyber security solutions persists and our offering is more relevant than ever
Q1: Revenue up by 1.6%
At comparable exchange rates, revenue increased by 1.2%

Outlook 2023

On 26 April 2023, F-Secure announced the planned acquisition of Lookout Life. Subject to the completion of the acquisition, the transaction will have a financial impact on F-Secure.

At this point, F-Secure will keep its 2023 outlook unchanged until the schedule for the completion of the transaction is confirmed. Financial outlook for 2023 published in the financial statement release 2022 on 17 February 2023, does not incorporate the impact of the now disclosed acquisition on the company’s revenue or adjusted EBITA for 2023.

Implications on financial outlook for 2023 will be announced later when a reasoned estimate can be made.

Outlook 2023 (unchanged):

F-Secure expects the global demand for cyber security solutions to grow while our operating environment has turned more challenging and consumer confidence remains unstable in the face of rising inflation, causing higher risk for weaker development on new business sales in the direct channel.

We have made a number of growth-related investments in 2022 and continue to do so in 2023. There is a level of uncertainty when these will have a concrete effect on our financial performance.

F-Secure expects revenue to grow by 4-8% year-on-year.

Adjusted EBITA for the full year 2023 is expected to be within 38-41%.

F-Secure continues to drive its business following Rule of 40 – the sum of revenue growth % and adjusted EBITA % is expected to be 42-49% based on the growth and profitability expectations.
Updates to medium-term financial targets

Current medium-term financial targets (by 2025)

- High single-digit organic revenue growth
- After initial growth investments, adjusted EBITA margin of above 42%
- F-Secure aims to pay around or above 50% of net profit as dividend on an annual basis

Planned new medium-term financial targets (by 2026) ¹)

- Total revenue of more than EUR 200 million by 2026
- Unchanged
- Unchanged
- Net debt / adjusted EBITDA ratio below 2.5x, excluding temporary impact from acquisitions

Target to consistently outperform market growth & Rule of 40 (unchanged)

¹) Subject to closing of the transaction
F-Secure acquisition of mobile consumer security business unit of Lookout Inc.

Certain financial information

The financial information of Lookout Life included in this Presentation is based on the unaudited carve-out financial information of Lookout Life for the 12-month period ended January 31, 2023 which has been derived from the Lookout Inc.'s consolidated unaudited financial information for the 12-month period ended January 31, 2023 that have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP"). Lookout Life has not formed a legal sub-group within Lookout Inc; and it has not prepared consolidated group financial statements prior to the transaction. Lookout Life's financial information included in the Presentation has been prepared by Lookout Inc.'s management on a carve-out basis. The carve-out financial information includes the revenue and expenses directly attributable to Lookout Life including also an allocation of a portion of certain Lookout Inc. costs. Allocations are based on management judgement, assumptions and estimates. Carve-out financial information may not necessarily represent the results of operations and financial position of Lookout Life if it would have been managed as a standalone consolidated group, preparing consolidated financial statements for the periods presented, separate from Lookout Inc. Further, the carve-out financial statements may not be indicative of Lookout Life's future performance or financial position.

The unaudited combined financial information has been presented for illustrative purposes only. The combined financial information is unaudited and presents the impact of the transaction to F-Secure financial information as if Lookout Life would have been acquired 1 January 2022.

The adjustments presented for the combined financial information are preliminary and based on information available at this time. The combined financial information is based on a hypothetical situation and should not be viewed as pro forma financial information as potential differences in accounting principles or the impact of the purchase price allocation have not been taken into account. F-Secure will conduct a detailed review of Lookout Life Mobile Consumer Security Business unit's accounting policies and prepares the purchase price allocation only after closing.

The historical EBITDA and EBITA of Lookout consumer BU may not reflect its profitability had it operated as a standalone entity for the periods presented. After the transaction F-Secure is estimated to incur IAC costs of EUR 7 million related to transaction costs incl. financial and legal advisory, and non-recurring integration costs impacting combined EBITDA and EBITA post acquisition.

Due to above F-Secure consolidated financial information that will be published following the completion of the transaction could therefore differ significantly from the illustrative combined financial information presented herein.
