The Nomination Committee shall leave proposal for the Annual General Meeting regarding election of Board Members and Chairman, occasionally, the election of Auditors, remuneration of the Board of Director and Auditor's, proposal regarding Chairman of the Annual General Meeting, and the principles of which the Nomination Committee should be appointed.

Resolution on Remuneration Policy for senior executives (item 15)

The Board of Director proposes to the Annual General Meeting to approve the Board's proposal regarding remuneration policy for senior executives in accordance with the following:

Remuneration of the President and other senior executives is comprised of a basic salary, short-term variable remuneration, pension benefits and other benefits. All pension benefits are defined-contribution based. Short-term variable remunerations are decided by the Board of Directors.

The distribution between the basic wage and, at times, the short-term variable remuneration, should be in proportion with the executive's responsibilities and authority. The short-term variable remuneration is for the President maximized at 40 percent of the annual salary. For other senior executives, it is maximized to 0-30 percent of the annual salary. The variable remuneration for the President and other senior executives is based on the outcome of a number of quantitative parameters, compared to their targets. The quantitative parameters are related to the development of the company's operations and each business year's prioritized matters.

In such events where a member of the board is employed by the company, outside of his or her role as a board member, a market-oriented cash compensation be paid according to the decision of the Board of Directors.

The Board of Directors may deviate from the policy in individual cases in special circumstances.

Resolution on authorization to the Board of Directors to issue new Shares (item 16)

The Board of Directors proposes the Annual General Meeting to authorize the Board of Directors to, on one or more occasions until the next Annual General Meeting, issue new shares in the company. Such issuance may deviate from the shareholder's preferential rights. The issuance of new share may only increase the total number of shares by 900.000, meaning around 10% of the total number of shares as per the day of this notice. This authorization is to include the right to issue shares with cash payment, payment by contribution in kind or payment by way of set-off, and otherwise subject to conditions as set out in Chapter 2, section 5, second paragraph 1-3 and 5 of the Swedish Companies Act. The reason for deviating from the shareholder's preferential rights is that the company should, in case of an acquisition, be given the opportunity to gain one or more owners of strategic importance for the company. The share price of new shares shall be made through a judgement of the market value of the shares. The Annual General Meeting is also proposed to authorize the Board of Directors, the President and whoever the Board of Directors authorize, to make minor adjustments necessary to register the decision with the Swedish Companies Registration Office.

Resolution on an amendment to the articles of association (item 17)

The Board of Directors proposes that the Annual General Meeting resolves to amend the articles of association, mainly in accordance with the following.

Through an amendment to the Swedish Companies Act (2005:551), which came into force on January 1, 2024, general meetings are allowed to be conducted entirely digitally. The board of directors believes that it is beneficial for the company and its shareholders if it also is possible for the company to conduct general meetings either digitally or by allowing both digital and physical presence at the general meeting. To enable this, the board of directors proposes that the meeting resolves to amend § 11 of the articles of association to allow the board of directors to resolve that general meeting may be held digitally, to resolve on proxy collection, to resolve on postal voting as well as other, in accordance to the board of directors, necessary adjustments.
