The Board's proposal for a resolution

Item 2) - Establishment and approval of the voting list

The voting list that is proposed to be approved is the voting list that has been drawn up by the company, based on the general meeting share register and received postal votes.

Item 3) - Election of one or two persons who shall approve the minutes of the meeting

The Board of Directors proposes Jenny Graflind, or in her absence, the person appointed by the Board of Directors, as person to adjust the minutes of the meeting. The adjuster's assignment also includes checking the voting list and that incoming mail votes are correctly reproduced in the minutes of the meeting.

Item 8b) – Allocation of the Company's profit in accordance with the approved balance sheet

The Board of Directors proposes a dividend of 0.28 SEK per share. The recording date for the right to receive dividends is proposed to be April 27th, 2026. If the Annual General Meeting resolves in accordance with the proposal, dividends are expected to be paid through Euroclear Sweden's care on April 30th, 2026.

Item 12) - Authorization for the Board of Directors to resolve on the issue of shares

The Board of Directors proposes that the Annual General Meeting authorizes the Board of Directors to, on one or more occasions during the period until the next Annual General Meeting, decide to increase the company's share capital by a maximum of 17,760,106 shares through a new issue of shares corresponding to a dilution of 10% of all outstanding shares at the time of issuing this notice to the Annual General Meeting. The Board shall be able to decide on the issue of shares with deviation from the shareholders' preferential rights and/or with a provision on non-cash, set-off or otherwise with conditions in accordance with Chapter 2, § 5, second paragraph 1-3 and 5 of the Companies Act.

The issues shall take place on market terms, subject to a market issue discount where applicable. The Board of Directors shall have the right to determine the terms and conditions for other issues in accordance with this authorization and who shall have the right to subscribe for the shares. The reason for the Board being able to make a decision on a share issue with deviation from shareholders' preferential rights and/or with a provision on non-cash and set-off issue or otherwise with conditions as above is that the company should be able to issue shares in order to enable financing of the business and/or acquisition of all or part of companies, operations and/or product and trademark rights.

It is proposed that the CEO be authorized to make the minor adjustments in this decision that may be necessary in connection with registration with the Swedish Companies Registration Office.

Item 13) - The Board's proposal authorizing to carry out synthetic buybacks of own shares

The Board of Directors of Swedencare AB (publ), registration no. 556470–3790, proposes that the Annual General Meeting authorise the Board to prepare and implement a programme for synthetic repurchases of own shares, whereby the company, on one or more occasions, during the period up to the next Annual General Meeting, shall be able to carry out synthetic repurchases of own shares up to a maximum of ten (10) percent of all shares in the company. Synthetic repurchases of own shares may be made at a price per share within the price range applicable at any given time for the company's shares on Nasdaq First North Growth Market. For this purpose, the company shall enter into agreements or other arrangements that enable the redemption of shares on terms that are fair to all shareholders. Counterparties to such agreements or arrangements shall be offered the opportunity to redeem up to the number of shares forming the basis of the agreement or arrangement. Resolutions regarding the redemption of shares covered by the programme shall be passed by the general meeting.

The purpose of the proposed authorisation to acquire own shares synthetically is to enable an improvement in the company's capital structure and thereby contribute to increased shareholder value in the company.

Item 14) - The Board's proposal authorizing to decide on the acquisition and disposal of the own shares

In the government bill 2025/26:125, the government has proposed an amendment to the Swedish Companies Act so that the possibility for public limited companies to acquire and dispose of own shares shall also apply to companies whose shares are admitted to trading on an MTF platform, including Nasdaq First North Growth Market. The legislative amendments are proposed to come into force on December 5th, 2026. The Board of Directors of Swedencare AB (publ), registration no. 556470–3790, therefore proposes that the Annual General Meeting resolves to authorise the Board to decide on the acquisition and disposal of the company's own shares in accordance with the following. The Board of Directors' right to exercise this authorisation is conditional upon the Swedish Companies Act being amended so that the acquisition and disposal of own shares is also permitted for companies whose shares are admitted to trading on an MTF platform.

The Board of Directors proposes that the Annual General Meeting resolve to authorise the Board of Directors to resolve, on one or more occasions up to the next Annual General Meeting, on the acquisition of shares in the company as follows:

1. Acquisitions may be made of no more than such a number of shares that, following each acquisition, the company holds no more than ten percent of all shares in the company.

2. Acquisitions may be made through trading on the Nasdaq First North Growth Market.
3. Acquisitions on the Nasdaq First North Growth Market may only be made at a price per share that falls within the price range registered at the time, i.e. the range between the highest bid price and the lowest ask price.
4. Payment for the shares shall be made in cash.

The Board of Directors further proposes that the Annual General Meeting resolves to authorise the Board of Directors to, on one or more occasions up to the next Annual General Meeting, resolve on the disposal of the company's own shares as follows:

1. All shares held by the company may be transferred.
2. The transfer of shares may take place through trading on Nasdaq First North Growth Market or in any other manner, with deviation from shareholders' pre-emptive rights.
3. The transfer of shares on the Nasdaq First North Growth Market may only take place at a price per share that falls within the price range registered at any given time, i.e. the range between the highest bid price and the lowest ask price. In the case of transfers by other means, the price shall be determined so that it does not fall below market value, subject to a market-based discount where applicable.
4. Consideration for transferred shares shall be paid in cash, by way of a contribution in kind or by set-off.

The authorisation to acquire and dispose of own shares is intended partly to give the Board greater flexibility in managing the company's capital structure, and to enable the company to finance acquisitions using its own shares. The reason for any deviation from shareholders' pre-emptive rights in the disposal of own shares is that such a transfer can be carried out in a more time- and cost-efficient manner than a transfer with pre-emptive rights for shareholders. If the company's own shares are transferred for consideration in a form other than cash in connection with an acquisition, the company cannot give the shareholders the opportunity to exercise any pre-emptive rights.

Majority requirements

For resolutions pursuant to item 12,13 and 14 above, shareholders representing no less than two thirds of the votes cast as well as the shares represented at the General Meeting must approve the resolution.

Provision of documents

Accounting documents and auditors' report as well as other documents according to the Swedish Companies Act will be kept available at the Company's offices with address Swedencare AB (publ), Medeon Science Park, Per Albin Hanssons väg 41, 205 12 Malmö and on the Company's website, www.swedencare.com, no later than three weeks before the meeting, ie. no later than April 2nd, 2026.
