

Enersize starts with quarterly reporting

Enersize Oyj ("Enersize" or "the Company") will publish interim reports on a quarterly basis, starting from the third quarter of 2021. The interim report for the period of January – September 2021 will be published on November 18, 2021.

The reason to commence quarterly reporting is due to the efforts to build a well-functioning organization while launching Enersize's new business model, which is based on the Company's unique "Software-as-a-Service" solution (SaaS). There is a large interest for energy-saving measures and optimization of compressed air systems and with interim reporting the Company gets the opportunity to inform the market more frequently.

Below is the financial calendar for 2021:

Interim report January – September 2021, Q3 - November 18, 2021

Year-End report 2021, Q4 - March 10, 2022
