Hedin Mobility Group appoints Ola Sjölander as Group CFO

Hedin Mobility Group AB (publ) has appointed Ola Sjölander as Group CFO. He will assume the position on 17 August 2026, succeeding Per Mårtensson, who will transition into an advisory role as Senior VP Finance.

Ola Sjölander has more than 25 years of experience in senior finance roles in the automotive industry. He most recently served as Global Regional CFO at Polestar Performance AB, and prior to that held several senior positions within Volvo Cars, including Vice President & CFO Americas, CFO Sweden and Head of Finance Commercial Operations.

The appointment strengthens Hedin Mobility Group's group-level finance function and marks a further step in its continued development. As Group CFO, Ola Sjölander will join Group Management and have an overall responsibility for the group's financial management and governance.

"Ola has a strong background from the international automotive industry and broad experience of financial management and control, as well as commercially oriented finance work. His experience and expertise will be a valuable addition to our efforts to continue developing as a strong European mobility group", says Anders Hedin, CEO of Hedin Mobility Group.

Per Mårtensson will transition into an advisory role as Senior VP Finance, with a focus on financial control. In this role, he will support the incoming CFO and provide strategic advice and support on financial and operational matters.

"With his long experience and deep knowledge of the group, Per will continue to play an important role in Hedin Mobility Group's development, while also providing valuable continuity", says Anders Hedin.

"Hedin Mobility Group has a strong position in the European mobility sector, with operations across several stages of the value chain and a significant presence in a number of European markets. It is truly inspiring to be joining the group, and I look forward to contributing my experience to strengthening the finance function and supporting the business in the group's continued development, with a focus on profitable growth", says Ola Sjölander.
