Goodbye Kansas Studios wins substantial game trailer-order from international customer

Goodbye Kansas Studios has received a large order for the production of five short CGI animation films for a game project. The order comes from an existing, international customer and the order value amounts to a total of approximately SEK 37 million. The project begins immediately and will continue until the first quarter of 2025.

"This order clearly shows how we, through qualitative and creative solutions, and based on previously successfully completed projects, win orders for new projects with existing customers. We are now starting to see increasingly positive signals from the gaming market in general," says Stefan Danieli, CEO of Goodbye Kansas Group.

After several comprehensive structural measures in 2023, Goodbye Kansas Group is now fully focused on the operations of Goodbye Kansas Studios, a leading provider of technology-driven visual content in a global market.
