Quarterly Statement 14

Endorsement and Statement by the Board of Directors and the CEO

The operations of Heimar hf. consist of the ownership, development, leasing and operation of real estate used for commercial activities, such as retail and services, industry, offices, and sports and leisure activities. The Company further sells services related to leasing and property operations, such as cleaning, caretaking, maintenance and general property management.

The interim financial statements of Heimar hf. for the period 1 January to 30 September 2026 have been prepared in accordance with the international accounting standard IAS 34 Interim Financial Reporting, as adopted by the European Union, and additional disclosure requirements in the Financial Statements Act no. 3/2006. The interim financial statements comprise the condensed consolidated financial statements of Heimar hf. and its subsidiaries.

Operations and financial position

Operating revenue of the Heimar hf. Group amounted to ISK 13,179 million in the period 1 January to 30 September 2026, compared to ISK 11,801 million for the same period in 2025. The Group's operating profit before value adjustment amounted to ISK 8,880 million in the period, compared to ISK 8,051 million for the same period the previous year.

Profit from the Group's operations in the period amounted to ISK 4,197 million according to the statement of profit or loss, compared to ISK 2,864 million for the same period in 2025. The value adjustment of investment properties amounted to ISK 7,468 million in the period, compared to ISK 3,149 million in the same period of 2025. The higher value adjustment in 2026 is explained by a greater rise in the price level than in the same period of 2025. The value adjustment in the third quarter of 2026 was, however, negative by ISK 201 million due to an increase in the weighted average cost of capital (WACC), which resulted in a loss for the quarter amounting to ISK 371 million.

Total assets of the Group amounted to ISK 256,341 million at the end of the period according to the statement of financial position. The Company's equity amounted to ISK 81,721 million, including share capital of ISK 1,934 million. The Company's equity ratio was 32% at the end of September 2026.

Outlook

Rising interest rates, price levels and inflation expectations have a direct upward effect on the Company's operating revenue and expenses. It is the assessment of the Board of Directors and management that the composition of the Company's tenants significantly reduces the risk of increased arrears, despite increases in the rent charged to the Company's customers, and recent periods have borne this out. The Company's rental income is for the most part index-linked, at approximately 94%. Demand for leased premises has remained stable, and the Company seeks to ensure that its portfolio consists of sought-after quality assets for which there will be demand in the future. The Company's largest single expense item, apart from finance expenses, is property taxes, and the increase in the official property assessment value in 2026 amounts to approximately 4% from the previous year.

Statement by the Board of Directors and the CEO

To the best of the knowledge of the Board of Directors and the CEO, the condensed consolidated interim financial statements are prepared in accordance with the international accounting standard IAS 34 Interim Financial Reporting, as adopted by the European Union, and additional disclosure requirements in the Financial Statements Act no. 3/2006. It is the opinion of the Board of Directors and the CEO that the interim financial statements give a true and fair view of the assets, liabilities and financial position of the Group as at 30 September 2026, of its operating results, and of the changes in cash and cash equivalents in the period 1 January to 30 September 2026.

Furthermore, it is the opinion of the Board of Directors and the CEO that the interim financial statements and the endorsement of the Board of Directors and the CEO give a clear overview of the development and performance of the Group's operations and of its position, and describe the principal risk factors and uncertainties faced by the Group.

The Board of Directors and the CEO of Heimar hf. have today discussed the consolidated interim financial statements for the period 1 January to 30 September 2026 and confirmed them by means of their signatures.

Kópavogur, 5 November 2026.

The Board of Directors:

Tómas Kristjánsson, Chairman of the Board

Birgir Már Ragnarsson

Guðrún Tinna Ólafsdóttir

Heiðrún Emilía Jónsdóttir

Steingrímur Halldór Pétursson

CEO:

Halldór Benjamín Þorbergsson

The notes on pages 9 - 13 are an integral part of the interim financial statements.

Notes

1. General information

Heimar hf. (“the Company”), reg. no. 630109-1080, is located at Hagasmári 1 in Kópavogur. The consolidated interim financial statements of the Company for the period 1 January – 30 September 2026 comprise the interim financial statements of the Company and its subsidiaries, together referred to as the “Group” and individually as “Group entities”. The Company is a public limited liability company, listed on the Icelandic Stock Exchange (Nasdaq Iceland hf.).

2. Basis of preparation

The consolidated interim financial statements have been prepared in accordance with the international accounting standard on interim financial reporting, IAS 34, as adopted by the European Union, and additional disclosure requirements in the Financial Statements Act no. 3/2006. The condensed consolidated interim financial statements do not include all the information required in complete annual financial statements and should be read in conjunction with the consolidated financial statements of the Group for the year 2025.

The Board of Directors approved and signed the interim financial statements on 5 November 2026.

3. Significant accounting policies

The same accounting policies have been applied in the preparation of these interim financial statements as were applied in the preparation of the consolidated financial statements of the Group for the year 2025. The annual financial statements are available from the Company or on its website www.heimar.is.

The interim financial statements are presented in Icelandic krona (ISK), which is the Company's functional currency, and all amounts are presented in ISK million. They have been prepared on the historical cost basis, except that the Group's investment properties are measured at fair value.

The difference between the fair value and the carrying amount of financial assets and financial liabilities is insignificant.

4. Use of estimates and judgements by management

The preparation of interim financial statements in accordance with International Financial Reporting Standards requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Information about significant decisions where accounting policies have the most significant effect on the carrying amount of assets is included in note 8 - valuation of investment properties.

5. Operating revenue

Operating revenue is specified as follows:

	2026 1.1.-30.9.	2025 1.1.-30.9.
Rental income from leases	12.615	11.252
Deferred rental income	(68)	(66)
Total rental income	12.548	11.186
Income from operations in real estates	631	616
Total operating revenue	13.179	11.801

6. Operating expenses

Operating expenses are specified as follows:

	2026 1.1.-30.9.	2025 1.1.-30.9.
Property tax, water and sewage fees	1.566	1.452
Insurance	224	196
Maintenance and refurbishment	362	300
Energy and waste disposal	145	135
Depreciation and amortization of receivables	136	67
Salaries and salary related expenses	1.298	1.147
Capitalised salaries	(228)	(194)
Other operating expenses	796	646
Total operating expenses	4.299	3.750

7. Financial income and finance expenses

Financial income and finance expenses are specified as follows:

	2026 1.1.-30.9.	2025 1.1.-30.9.
Interest income	135	171
Total financial income	135	171
Interest expense	(4.151)	(3.702)
Capitalised interest expense	401	167
Borrowing cost	(167)	(49)
Interest expense from leases	(246)	(172)
Indexation	(7.070)	(4.004)
Total finance expenses	(11.233)	(7.760)
Net finance expenses	(11.098)	(7.589)

Capitalised interest expenses relate to properties under construction or undergoing considerable renovation that are not leased out. Interest is calculated using average indexed interest rates and reflects the average terms of the Company's financing at any given time.

8. Investment properties

The Group's investment properties are measured at fair value at the reporting date in accordance with the international accounting standards IAS 40 Investment Property and IFRS 13 Fair Value Measurement. Assets under development whose fair value cannot be reliably estimated are recognised at cost. All investment properties fall under level 3 of the fair value classification system, which means that the valuation is not based on available market information. When valuing investment properties, the discounted future cash flow of individual properties is used. The cash flow model is based on free cash flow to the Group, which is discounted using the weighted average cost of capital (WACC) required of the Company. The cash flow plan in the model is for 30 years. The valuation of investment properties is carried out by employees of the parent company and is based on the same valuation method as the previous year.

The required return on equity is estimated based on the CAPM (Capital Asset Pricing Model), which is based on risk-free indexed interest rates. The benchmark for risk-free interest is based on the 3-month average yield of a long-term index-linked government-backed bond. In addition to risk-free interest, there is a premium to cover the risk associated with the Company's underlying operations at any given time. Interest on loan capital is assessed considering the general interest rates offered on the market. The leverage ratio is expected to be 65% for the future.

Included in the valuation of investment properties are furnishings and other accessories necessary to ensure the properties' income flow. The determination of the fair value of investment properties is based on assumptions that depend on management's judgement, and therefore the actual sale price may differ from the estimate.

Segmentation of investment properties is specified as follows:	The Group's investment properties	Right-of-use assets	Total
Carrying amount			
Balance as at 1.1.2026	222.951	5.578	228.528
Investment properties purchased	2.075		2.075
Improvements during the period	5.984		5.984

	2026		**2025**	
	Increase	Decrease	Increase	Decrease
Sensitivity analysis of fair value:				
Increase (decrease) in rental income of 5%	14.264	(14.264)	12.633	(12.633)
Decrease (increase) in yield of 0.5 percentage points	18.512	(15.874)	16.679	(14.272)

9. Interest bearing liabilities

Interest bearing liabilities are specified as follows:

	30.9.2026	**31.12.2025**
Green bond issues on the market	61.694	50.416
Green bank loans	3.988	3.979
Green interest-bearing liabilities	65.683	54.395
Other bond issues on the market	46.643	45.481
Other liabilities to credit institutions	35.627	35.733
Other interest bearing liabilities	82.270	81.215
Interest bearing liabilities excluding discounts, premium and capitalised borrowing cost	147.953	135.609
Discounts, premium and capitalised borrowing cost	(1.211)	(1.142)
Total interest bearing liabilities	**146.742**	**134.467**
Current maturities of interest bearing liabilities	(11.889)	(4.578)
Total interest bearing liabilities, non-current portion	134.852	129.890

The Group has arranged short-term credit facilities and undrawn credit lines amounted to ISK 4,600 million at the end of the period.

Changes in interest bearing liabilities during the period, excluding discounts, premium and capitalised borrowing cost, are specified as follows:

	2026 1.1.-30.9.	2025 1.1.-31.12.
Interest bearing liabilities 1 January	135.609	118.019
New borrowings	17.315	18.877
Interest bearing liabilities acquired through acquisition of companies	0	7.487
Repayments and settlements of long-term liabilities	(12.042)	(12.916)
Indexation	7.070	4.142
Interest bearing liabilities at the end of the period	147.953	135.609

10. Investments in associates

Klasi ehf. holdings 33.3%

Klasi ehf., Silfursmári 12, 201 Kópavogur, is a real estate development company owned in equal shares by Heimar hf., Hagar hf. and KLS eignarhaldsfélag ehf.
Tómas Kristjánsson, Chairman of the Board of Heimar hf., is also one of the main owners of KLS eignarhaldsfélag ehf. and sits on the board of Klasi ehf.

Total assets of Klasi ehf. as at 30.9.2026 were ISK 26,089 million and the equity ratio was 70%.

Smárabyggð ehf. holdings 20.6%

Smárabyggð ehf., Silfursmári 12, 201 Kópavogur, held real estate and land in Smárabyggð in Kópavogur but that development has been completed. Total assets of Smárabyggð according to the financial statements as at 31.12.2025 were ISK 299 million and the equity ratio was 53%.

Investments in associates are specified as follows:

	30.9.2026	31.12.2025
Carrying amount as at 1.1.	6.093	5.558
Share in profit of associates	52	844
Dividend received from associate	(31)	(308)
Carrying amount as at 30.9. / 31.12.	6.114	6.093

11. Other matters

Legal proceedings

On 14 October 2026, the Supreme Court of Iceland delivered its judgment in case no. 62/2025 between Heimar atvinnuhúsnæði ehf. and FF11 ehf. The case has been fully concluded, and its outcome has an insignificant financial impact on Heimar.

Another legal action is still pending between Heimar atvinnuhúsnæði ehf. and FF11 ehf., co-owner of the property at Miðhraun 4 in Garðabær, which was damaged by fire on 5 April 2018. The case concerns the alleged right of FF11 ehf. to damages following the fire, inter alia in respect of loss of rental income. The monetary claims of FF11 ehf. amount in total to approximately ISK 240 million. Heimar atvinnuhúsnæði ehf. has rejected the claims and disputed the grounds on which they are based. Expert assessments have been obtained in the case, and it is still pending before the District Court. There is uncertainty as to the outcome of the case and its possible financial impact on the Company.

Quarterly Statement

	Q3 2026	Q2 2026	Q1 2026	Q4 2025	Total
