

Lars Wingefors AB consolidates aviation operations in the new group W. Aviation AB

Lars Wingefors AB consolidates its aviation-related operations into the newly formed group W. Aviation AB. The group offers end-to-end solutions within aviation, with an integrated platform for operational services, technical services and leasing. Daniel Elfstedt assumes the role of Group CEO.

The Group brings together aviation-related activities, consolidating expertise in airline operations, maintenance, leasing and ground services in a unified structure.

The structure includes, among others, Fly Sola Air AB, Täby Air Maintenance AB, Empterwik Rental AB, Sola Service AB and FBO Karlstad, which together create a platform covering the entire value chain – from flight operations to technical services, aircraft leasing and ground handling.

The combined capabilities create the conditions for advanced assignments and close collaborations, where the combination of aircraft, technical expertise and operational experience constitutes a core strength. Examples of customers may include local businesses or regions seeking to operate domestic air traffic in Sweden. Customer relationships with Skåneflyg and Saab are examples of this.

In connection with the formation, Daniel Elfstedt has assumed the role of Group CEO. Daniel has extensive experience in the aviation industry, including as CEO within regional aviation, and has previously been engaged within the Lars Wingefors Group.

“Through W. Aviation, we bring together aircraft, expertise and operational capabilities in a unified structure. This provides a flexible platform to meet different types of assignments, where our end-to-end solution is a clear strength,” says Daniel Elfstedt, Group CEO of W. Aviation AB.

The Group has more than 100 employees, operates 12 aircraft and has an estimated annual revenue of approximately SEK 250 million, with an expected positive result before tax.

About W. Aviation AB

W. Aviation AB is a group comprising aviation-related companies and offers an integrated and cost-efficient end-to-end solution within aviation. By bringing together operational, technical and commercial expertise, the company creates the capacity to undertake advanced assignments and develop long-term collaborations.

About Lars Wingefors AB

Lars Wingefors AB (LWAB) is a privately held investment company, founded by entrepreneur Lars Wingefors, based in Karlstad, Värmland, Sweden. The company is the largest shareholder in the publicly listed companies Embracer Group, Asmodee Group and Coffee Stain Group. It is also one of the principal owners of Bröderna Wingefors Holding AB, which includes, among other things, real estate development and aviation operations. In addition, LWAB holds a portfolio of minority investments, primarily in technology companies.
