

HANZA named best supplier by 3M

HANZA has been named Supplier of the Year by 3M, an award given in competition with over 6,000 suppliers. The award was received at 3M's headquarters in Minneapolis, USA.

HANZA received the global award for consistently high performance in quality, service, innovation, and continuous improvement.

"This award is a recognition of the efforts of our employees who work closely with 3M every day in our factories and take responsibility for delivering high quality," says Veronica Svensson, Head of Sales at HANZA. "The award also reflects a strong and successful collaboration between both parties."

"We are very proud of this award, which we received in competition with all of 3M's suppliers. This is not an end point but a milestone. It gives us even more energy to deepen and broaden our collaboration going forward," says Erik Stenfors, CEO and founder of HANZA.

In its statement, 3M highlights HANZA's high level of service, strong quality results, and ability to continuously develop both processes and capacity.

"HANZA is constantly looking ahead, challenging itself to innovate and investing in solutions that strengthen the entire shared value chain. This partnership enables us to deliver reliably and competitively to our customers," says Cameron Davis, Senior Director of Third Party Manufacturing at 3M.
