

Net Insight's CFO to leave the company

Stockholm, Sweden – Net Insight today announces that Cecilia Högård Höök has decided to leave her role to take on a position outside the company. Cecilia will remain as Chief Financial Officer and member of the Executive Team through year-end 2026 to ensure a smooth transition. Net Insight will commence a search for her successor immediately.

“Cecilia has made important contributions to Net Insight during her tenure, and I sincerely wish to thank her for her commitment and dedication to the company. While I regret to see Cecilia leave, I respect her decision and I wish her every success in her future endeavors.” says Andreas Eriksson, CEO of Net Insight.

“It has been a privilege to be part of Net Insight and to work alongside such a talented and dedicated team. While the decision to move on has not been easy, I am excited about the opportunity ahead. I leave Net Insight with great confidence in its future and wish the company continued success,” says Cecilia Högård Höök.

The recruitment process for a new CFO will be initiated. Cecilia's continued presence through year-end 2026 ensures full continuity of the finance function during the transition period.

About Net Insight

Net Insight (Nasdaq: NETI B) provides the highest performing, most open video transport and media cloud technology for content providers as the industry standard for flexibility and service across live contribution, distribution and remote production media workflows.

For over 25 years, the world's leading content owners, broadcasters, production companies, service providers and enterprises have trusted Net Insight's Emmy® Award winning Nimbra technology to guarantee media delivery. Today, Net Insight partners with hundreds of customers in over 85 countries to ensure media flows across managed and unmanaged IP networks, and the cloud – from anywhere, to everywhere. It enables customers to get the best from any mix of virtualized, cloud and IP technology and is the only platform to support all the major industry standards, protocols and clouds.

Net Insight also provides time synchronization for 5G and other critical networks. The innovative Zyntai solution improves network resilience, and reduces costs and deployment time.
