

## Realfiction announces SEK 7.4 million payment for proof of concept

**Realfiction Holding AB (“Realfiction” or “the Company”) has received payment of approximately SEK 7.4 million in cash for the development of a custom-tailored proof of concept announced on 4 September 2024. This payment supports the Company’s liquidity through the first half of 2025 under the planned assumptions.**

The proof of concept, delivered earlier this year to an undisclosed customer, leverages Realfiction’s proprietary Directional Pixel Technology™ (“DPT”) to address specific requirements.

“Our ongoing commercial negotiations for DPT are advancing, and I look forward to sharing tangible updates about agreements that shall bring this groundbreaking technology into display products,” said Clas Dyrholm, CEO and co-founder of Realfiction.

### **About Realfiction Holding AB**

Founded in Denmark in 2008, Realfiction is a provider of cutting-edge 3D display technologies designed for tomorrow’s needs, featuring technological breakthroughs with its Directional Pixel Technology for LCD, OLED and microLED. These technologies support a wide range of use cases, including enhancing driving safety, medical imaging, immersive gaming and entertainment, digital signage, as well as applications in architecture, engineering, and design. The Company offers a comprehensive intellectual property portfolio tailored for OEMs and Tier-1 partners involved in developing and marketing displays for markets and industries requiring high-resolution multistereoscopic displays. All technologies are ready for licensing, and Realfiction is actively pursuing commercial licensing agreements and partnerships to pave the way to mass production. Realfiction’s patent portfolio comprises 15 patent families with applications filed in multiple countries. Realfiction Holding AB’s shares are publicly traded on Nasdaq Stockholm First North under the symbol “REALFI”, with the share’s ISIN code being SE0009920994.
