Further, the AGM resolved to approve the Board's proposal regarding the implementation of a long-term incentive program in the form of an option program comprising all employees and other key persons in the company. The option program comprises a maximum of 980,000 stock options and the participants may be allotted options free of charge based on performance and continued employment. Each option entitles the holder to subscribe for one new share in BioInvent during the period from the day of release of the company's year-end report for the financial year 2027 up to and including February 28, 2029. The subscription price per share shall correspond to 125 per cent of the volume-weighted average price paid for the company's share on Nasdaq Stockholm during ten trading days as from and including April 29, 2025. To enable the company's delivery of shares pursuant to the option program and to secure costs connected therewith, primarily social security charges, the AGM resolved on a directed issue of a maximum of 1,136,800 warrants (corresponding to approximately 1.64 per cent of the total number of shares and votes in the company) and approval of transfer of warrants.

Last, the AGM authorized the Board to resolve on the issue of new shares, on one or several occasions during the period up to the next annual general meeting. The issue may take place with or without a deviation from the shareholders' preferential right and with or without provisions on contribution in kind or set-off or any other terms. The purpose of the authorization is to increase the company's financial flexibility and enable acquisitions by payment of shares. If the Board resolves on an issue with deviation from the shareholders' preferential rights the reason may be to add new capital and/or new company owners of strategic importance to the company and/or the acquisition of other companies or businesses. At a deviation from the shareholders' preferential right, the issue rate shall be determined in accordance with market conditions. Other terms may be resolved by the Board.
