## Enea prolongs support contract worth SEK 60 million

Enea has signed a frame contract for support and maintenance of operating systems with one of the company's key customers. The contract covers a period of three years and prolongs support services in former one-year agreements. The contract generates guaranteed recurring revenues of approximately SEK 20 million per year. The previous one-year agreement which expired in December 2022 yielded revenues of approximately SEK 25 million.
