The Act (2023:560) on the Screening of Foreign Direct Investments ("FDI Act") applies to the company's operations. In the event that the subscription of new units or subscription of shares under warrants would result in an investor, after the investment, directly or indirectly, holding votes representing or exceeding any of the thresholds of 10, 20, 30, 50, 65, or 90 percent of the votes in the company, the investor is required to notify their investment to the Inspectorate for Strategic Products in accordance with the FDI Act.

INFORMATION TO DISTRIBUTORS

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the shares in Bio-Works have been subject to a product approval process, which has determined that such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "Target Market Assessment").

Notwithstanding the Target Market Assessment, Distributors should note that: the price of the shares in Bio-Works may decline and investors could lose all or part of their investment; the shares in Bio-works offer no guaranteed income and no capital protection; and an investment in the shares in Bio-works is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom.

The Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Rights Issue. For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the shares in Bio-Works.

Each distributor is responsible for undertaking its own target market assessment in respect of the shares in Bio-Works and determining appropriate distribution channels.
