Salmon Evolution ASA: Invitation to presentation of Q4 results

Salmon Evolution ASA hereby invites you to the presentation of the results for the fourth quarter 2024 at Hotel Continental in Oslo, Norway, Tuesday 11 February at 08:00 CET. A light snack with smoked salmon from Indre Harøy will be served from 07:45 CET.

The presentation and Q&A will be held in English, and participants may also follow the presentation and submit questions through a live webcast available on www.salmonevolution.no, or with the following link: <https://events.webcast.no/salmon-evolution/OEpmPDaoyhi5siPjdg0b/itZLMjqYBJGd15MTc02S>

A recording of the webcast will be made available on our website shortly after the presentation.

Please note that the quarterly report and presentation will be published at 06:30 CET.

For further information, please contact:

About Salmon Evolution

Salmon Evolution is the global leader within land-based salmon farming with a clear roadmap for 100,000 tonnes HOG annual production capacity. Pioneering the hybrid flow-through system (HFS), Salmon Evolution is Extending the Ocean Potential by creating optimal growth conditions in a controlled environment on land. This approach, capturing the benefits of both land-based and sea-based farming, puts biology first and limits operational and biological risk.

Salmon Evolution is strategically located the heart of the global aquaculture industry on the west coast of Norway, where the Company has its first facility and global centre of excellence fully operational at industrial scale. Enabled by the proof of concept in Norway, Salmon Evolution targets significant international expansion.

Salmon Evolution is listed on Oslo Børs under the ticker SALME. To learn more, please visit www.salmonevolution.no.
