PAYDAY: Aces High is built specifically for virtual reality, bringing the planning, teamwork and signature chaos of a PAYDAY heist to a fully immersive format. The game is designed for up to four players in co-op, inviting players to gear up, plan jobs and execute daring heists together in VR.

"PAYDAY is one of the most iconic franchises in gaming, with more than 50 million players worldwide," said Adolf Kristjansson, CEO of Starbreeze Entertainment. "Fast Travel Games is a globally respected VR studio with over a decade of VR experience. They are the ideal partner to bring PAYDAY to this platform. With Aces High, we are expanding the PAYDAY universe and inviting players to plan and execute heists together in a fully immersive experience. Under their leadership, Aces High is not just an adaptation. It is a true PAYDAY game built from the ground up for this medium."

"Bringing the iconic PAYDAY universe to VR has been more than a milestone for our studio – it's been a genuine privilege. Working with an IP cherished by millions has been fantastic, and watching our team capture that magic in a fully fledged VR experience has been truly inspiring." said Oskar Burman, CEO at Fast Travel Games. "I couldn't be prouder of what they've created, and I can't wait for PAYDAY fans around the world to dive into what we've built."

The ambition is to grow PAYDAY across platforms and formats by working with best-in-class partners for each medium.
