About Us

ViaCon constructs connections. Consciously.

ViaCon was founded in 1986 with establishments in Sweden and Norway and is a market-leading European provider of sustainable civil engineering corrugated steel structures, geotechnical, and storm-water solutions. ViaCon has a comprehensive local market know-how and manufacturing footprint, with presence in 20 countries and employing ~800 people.

Combining more than three decades of experience with today's cutting-edge technology, ViaCon is a pioneer in the field of Bridges & Culverts-, GeoTechnical- and StormWater Solutions, which make up the three business units in the Company.

ViaCon offers its customers a host of distinct state-of-the-art, mission-critical solutions for various infrastructure products and solutions that are reliable, long-lasting and designed to meet the challenges of a changing world.

ViaCon is owned by funds advised by FSN Capital Partners, a leading private equity advisor in Northern Europe.
