
Thunderful (Q3 Review) - Promising pipeline in H1 2026

Thunderful enters 2026–2027 with a release pipeline that shows potential, albeit with some uncertainty. The first half of 2026 is expected to be driven by the long-awaited launch of Replaced and the full release of ASKA on both PC and consoles. Looking further ahead to 2027, the company's internally developed portfolio may be revitalized by a potential sequel to SteamWorld Dig 2, although Atari's growing ownership stake is likely to influence product prioritization and long-term strategic direction.
