

## **POLYGIENE GROUP ENTERS STRATEGIC PARTNERSHIP – SECURES LARGEST ORDER IN COMPANY HISTORY**

**Polygiene Group is announcing a strategic partnership with a leading player in products for the healthcare sector. The partnership, representing an annual volume of approximately SEK 30 million, marks a significant step in the company's growth strategy.**

This new collaboration is expected to drive substantial revenue growth in the Freshness segment and will strengthen the company's profitability over the coming years. The agreement highlights Polygiene Group's ability to attract internationally leading customers and reinforces the company's position as a key player within its niche market.

"We are very proud to enter into a partnership with a market-leading player in the Health Care sector. This represents a major milestone in the company's history and marks the beginning of a new, expansive phase in our growth journey," says Ulrika Björk, CEO of Polygiene Group.

Production is expected to commence in the fourth quarter of 2025.

### **About Us**

Polygiene Group™ is the global leader in antimicrobial technologies. The company treat hard surfaces and textiles to ensure that products are better protected and hygienic, fresh and odor-free. As a leading ingredient brand, Polygiene Group collaborates with over 500 top-class global brands through the Polygiene and Addmaster segments.
