HACKSAW DEBUTS IN PENNSYLVANIA

Hacksaw has entered the locally licensed iGaming market in Pennsylvania, following the approval of its Interactive Gaming Manufacturer License in December 2024.

This milestone enables Hacksaw to offer its portfolio of online games in one of the United States' most established iGaming jurisdictions, further strengthening the company's presence in North America.

"We are pleased to make our debut in Pennsylvania, and we look forward to delivering our innovative, player-first content to a new audience.", said Christoffer Källberg, Group CEO.

The launch is being executed in partnership with leading operator FanDuel, marking a strategic step in Hacksaw's ongoing U.S. expansion.
