

Correction: Nuarl's New TWS Earphone Named Inovatör Featuring Audiодо Personal Sound Has Been Launched Today in Tokyo

Changed image

We are excited to announce the release of Nuarl's latest True Wireless Stereo (TWS) headset, now featuring Audiодо technology features, including Personal Sound and Equalizer. This innovative product is a testament to the successful collaboration between Nuarl and Audiодо. Together, we have created a headset that offers a truly personalized audio experience, raising the bar in the audio industry.

Nuarl, the brand name of MTI Corporation, proudly presented the next-generation TWS headset that incorporates Audiодо's advanced Personal Sound technology at a private product launch event today in Tokyo. This headset is designed to deliver a bespoke listening experience by tailoring audio output to each user's unique hearing profile, ensuring exceptional clarity and richness.
