About ReFuels

ReFuels is decarbonising Europe's truck fleet by developing, owning, and operating green refuelling station infrastructure. We are rolling out a network of reliable and convenient stations offering renewable biomethane fuel to heavy goods vehicles, with hydrogen and fast charging to be added. By the end-2025 the target is to have 30-40 stations across the UK, while the long-term ambition is to become Europe's leading integrated supplier of alternative fuels for commercial fleets.
