

ALLIGATOR BIOSCIENCE APPOINTS JOHAN GILÉUS AS CHIEF FINANCIAL OFFICER

Lund, Sweden, June 14, 2024 – Alligator Bioscience (Nasdaq Stockholm: ATORX) today announces the appointment of Johan Giléus as the company's new Chief Financial Officer as of August 12, 2024. Mr. Giléus has extensive expertise as a financial executive with more than 25 years of experience leading financial strategy and operations across a number of companies and industries, including overseeing a large Phase 3 clinical trial and outlicensing in Japan. Most recently, he served as Chief Financial Officer and Deputy Chief Executive Officer at InDex Pharmaceuticals, which was recently subject to a successful reverse merger with Flerie Invest.

Mr. Giléus will succeed Marie Svensson, who has served as Alligator's Chief Financial Officer since 2020. Marie Svensson will remain in the Company.

*"It is with great pleasure that we welcome Johan to the Alligator team and we are looking forward to benefiting from his experience and leadership as we continue to develop Alligator as well as develop the clinical and commercial potential of our robust immuno-oncology pipeline," said **Søren Bregenholt, CEO of Alligator Bioscience.** "On behalf of myself, the Board and the whole Alligator team I would like to thank Marie for her hard work and dedication as our CFO for the last 4 years, and I am very happy that Marie remains at Alligator in a new role. We remain well positioned to achieve our current strategic objectives, including a commercial partnership for our lead candidate mitazalimab ahead of its Phase 3 evaluation, as well as the continued development of our preclinical and early-stage assets."*

*"Alligator is making fantastic progress in its mission to develop innovative treatments for patients with hard-to-treat cancers," said **Johan Giléus, CFO of Alligator Bioscience.** "I am very pleased to be joining Alligator's experienced and highly-regarded team to help continue the financial development and growth of the company at this exciting and important time."*
