

## Camilla Öberg retires from her position as CFO at Yubico

Yubico AB ("Yubico" or the "Company") today announces that the Company's CFO Camilla Öberg has informed the Company that she will retire from her position as CFO in order to, going forward, focus on board assignments and other non-operational work. Camilla has been the CFO of Yubico since 2020 and will remain in her role until a replacement is appointed in order to facilitate the recruitment of a new CFO and the handover to that person. The recruitment process for a new CFO will commence immediately.

- I am happy to have been part of Yubico's successful development. I now choose to step down from operational work going forward and instead focus on my board assignments. I would like to express my gratitude for the trust it has represented to hold the position as CFO, and to all the colleagues I have had the privilege of working with, says Camilla Öberg, departing CFO.

- We would like to thank Camilla for her significant contributions to Yubico. She has had a key role during an intense period where Yubico has transformed into a well-established listed company on Nasdaq Stockholm. We wish Camilla the best of luck on her future pursuits. The recruitment process for a new CFO will start immediately, and it feels reassuring that Camilla will ensure a well-organized handover, says Mattias Danielsson, CEO of Yubico.

## About Yubico

---

Yubico (Nasdaq Stockholm: YUBICO), the inventor of the YubiKey, offers the gold standard for phishing-resistant multi-factor authentication (MFA), stopping account takeovers in their tracks and making secure login easy and available for everyone. Since the company was founded in 2007, it has been a leader in setting global standards for secure access to computers, mobile devices, servers, browsers, and internet accounts. Yubico is a creator and core contributor to the FIDO2, WebAuthn, and FIDO Universal 2nd Factor (U2F) open authentication standards, and is a pioneer in delivering modern, hardware-based passkey authentication security at scale to customers in over 160 countries.

Yubico's solutions enable passwordless logins using the most secure form of passkey technology. YubiKeys work out-of-the-box across more than a thousand consumer and enterprise applications and services, delivering strong security with a fast and easy experience.

As part of its mission to make the internet more secure for everyone, Yubico donates YubiKeys to organizations helping at-risk individuals through the philanthropic initiative, Secure it Forward. The company is headquartered in Stockholm and Santa Clara, CA. For more information on Yubico, visit us at [www.yubico.com](http://www.yubico.com).
