## **Logistea publishes Annual and Sustainability Report for 2021 in English.**

To increase accessibility for international investors and analysts, Logistea has published its Annual and Sustainability Report for 2021 in English. This is in response to increased demand from international investors. An English translation will henceforth be published in connection with the publication of the Swedish language Annual and Sustainability Report.

"We have seen a demand for an English language Annual and Sustainability Report, which is gratifying. With it, we can now reach a larger international target group and further increase interest in Logistea as an investment," said Niklas Zuckerman, CEO at Logistea.
