
Sprint Bioscience - Replacing Decipher as a VPS34 partner

Sprint Bioscience is looking to replace Decipher as a partner for VPS34 as soon as the project is handed back. Decipher's decision follows four month after securing Day One as a partner for VADA. We have made an early revision where the main change is a 15-24 months delay for the VPS34 project. We point to upcoming triggers relating to VADA and NASH. We adjust our base case to SEK3.2 (SEK3.9).
