PLEASE SEE "IMPORTANT INFORMATION" AT THE END OF THE PRESS RELEASE.**

NP3 Fastigheter AB (publ) ("NP3" or the "Company") has, in accordance with the Company's press release on 19 May 2026, completed an accelerated book building procedure and resolved on a directed issue of 12.75 million preference shares at a subscription price of SEK 30.00 per preference share (the "Share Issue"). Due to strong investor demand, the Company decided to increase the Share Issue from the previously communicated 10.0 million preference shares. In connection with the Share Issue, the Company invited the general public in Sweden to subscribe for new preference shares up to an amount in SEK corresponding to a maximum of SEK 27.5 million (the "Offering to the General Public"). The subscription price corresponds to a discount of approximately 3.6 percent to the volume weighted average price (VWAP) of the share during the last ten trading days (SEK 31.13) and a discount of 4.0 percent in relation to the closing price of the preference share on Nasdaq Stockholm on 19 May 2026 (SEK 31.25). A number of Swedish and international institutional investors, including AB Sagax, participated in the Share Issue. Furthermore, NP3 is provided with more than 3,500 preference shareholders through the Offering to the General Public.

## The Share Issue

The board of directors of NP3 has, based on the authorisation from the annual general meeting held on 6 May 2026, resolved on the Share Issue which was directed to Swedish and international professional investors as well as to the general public in Sweden and which has been carried out with deviation from the shareholders' pre-emptive rights. The Share Issue comprises approximately 12.75 million new preference shares at a subscription price of SEK 30.00 per preference share and the Company is thereby provided with SEK 383 million before transaction-related costs.

## Background, reasons and use of proceeds

NP3 is a cash flow-oriented real estate company with a focus on commercial properties with high yields, primarily in northern Sweden. Since its listing in 2014, the Company has shown strong growth, meaning that the property value, among other things, has increased from SEK 3,333 million to SEK 26,595 million as of March 31, 2026, and the profit from property management increased from SEK 111 million to a forecast for 2026 of SEK 1,220 million.

At the same time, the growth has been achieved with a balanced financial risk profile, with the loan-to-value ratio remaining well below the financial risk limit of 60 percent. The loan-to-value ratio per 31 March 2026 amounted to 51 percent. The growth has been made possible in part by recurring equity capital raisings, which have always taken into account the Company's target return on equity before tax of 15 percent. Over the past five years, the average return on equity before tax has amounted to 18 percent per year and the average growth in profit from property management per ordinary share has amounted to 12 percent per year.

NP3's growth has continued during the second quarter of 2026. In April, NP3 completed a corporate acquisition of the real estate group Anguli Fastigheter AB. The underlying property value amounted to SEK 1,228 million and the acquisition comprised 23 properties primarily for industrial purposes, located in Skaraborg and the Trestads-region. Through the acquisition, NP3 further broadens its geographical presence in Middle Sweden, establishing a strong foundation for evaluating additional potential transactions, which in turn enhances the opportunities for attractive investments. In May 2026, NP3 completed additional acquisitions at a property value of SEK 421 million, where the acquired properties are primarily located in Uddevalla.

NP3 sees continued interesting investment opportunities that also contribute to the Company's growth targets, while the Company must take into account its financial risk limitations and credit key ratios to enable effective external borrowing that is beneficial to both NP3 and its shareholders. In order to be able to actively execute investment opportunities and at the same time maintain a flexible and balanced capital structure, the Company resolved to carry out the Share Issue.

The Share Issue also increases the outstanding number of preference shares, which improves the conditions for better liquidity in the preference share and a broadening of the preference shareholder base, further strengthened by the Offering to the General Public, which together is considered beneficial for both existing and new shareholders of preference shares, but also for the shareholders of ordinary shares and the Company.

#### **Deviation from the shareholders' pre-emptive rights**

Prior to the Share Issue, the Company's board of directors has made an overall assessment and carefully considered the possibility of raising capital through a new share issue with pre-emptive rights for the Company's shareholders. The board of directors considers the reasons for deviating from the shareholders' pre-emptive rights are (i) that the Company's preference shares come with certain conditions in relation to the Company's ordinary shares and are therefore considered particularly suitable for a certain category of investors, (ii) to diversify and strengthen the Company's preference shareholder base with mainly professional investors in order to strengthen the liquidity of the Company's preference shares, (iii) that a rights issue would take longer time to implement which, especially under current market conditions, would entail an exposure to potential market volatility, (iv) that the speed of the process is considered to make it easier for the Company to actively pursue investment opportunities in the current market while at the same time maintaining a flexible and balanced capital structure, and (v) that the Company's existing shareholders have been given an opportunity to participate in the Share Issue to a certain extent through the Offering to the General Public. With the above considered, the board of directors has made the assessment that a directed issue of preference shares with deviation from the shareholders' pre-emptive rights is the most favourable alternative for the Company to carry out the capital raising.

Since the subscription price in the Share Issue was determined through an accelerated book building procedure, it is the board of directors' assessment that the market value of the subscription price is ensured by reflecting prevailing market conditions and investor demand.

#### **Share capital and number of shares**

After the Share Issue, the total number of shares in the Company will amount to 131,580,794 (divided

into 61,580,794 ordinary shares and 70,000,000 preference shares) and the share capital will increase from SEK 415,907,779 to SEK 460,532,779. The Share Issue entails a dilution effect of approximately 9.7 percent based on the total number of shares and approximately 1.9 percent based on the total number of votes in the Company after the Share Issue.

**Lock-up**

The Company has undertaken to, during a period of 90 calendar days after the settlement date for the Share Issue, not without the consent of the Joint Global Coordinators and Joint Bookrunners, propose or issue additional preference shares, with certain exceptions, for example as consideration shares in connection with acquisitions.

**Advisors**

ABG Sundal Collier and Avanza Bank AB (publ), in cooperation with Kepler Cheuvreux, are Joint Global Coordinators and Joint Bookrunners in connection with the Share Issue. Snellman Advokatbyrå AB is legal advisor to the Company in connection with the Share Issue.

### **Forward-looking statements**

This press release contains forward-looking statements that reflect the Company's intentions, beliefs, or current expectations about and targets for the Company's and the group's future results of operations, financial condition, liquidity, performance, prospects, anticipated growth, strategies and opportunities and the markets in which the Company and the group operates. Forward-looking statements are statements that are not historical facts and may be identified by words such as

"believe", "expect", "anticipate", "intend", "may", "plan", "estimate", "will", "should", "could", "aim" or "might", or, in each case, their negative, or similar expressions. The forward-looking statements in this press release are based upon various assumptions, many of which are based, in turn, upon further assumptions. Although the Company believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurances that they will materialize or prove to be correct. Because these statements are based on assumptions or estimates and are subject to risks and uncertainties, the actual results or outcome could differ materially from those set out in the forward-looking statements as a result of many factors. Such risks, uncertainties, contingencies and other important factors could cause actual events to differ materially from the expectations expressed or implied in this release by such forward-looking statements. The Company does not guarantee that the assumptions underlying the forward-looking statements in this press release are free from errors and readers of this press release should not place undue reliance on the forward-looking statements in this press release. The information, opinions and forward-looking statements that are expressly or implicitly contained herein speak only as of its date and are subject to change without notice. Neither the Company nor anyone else undertake to review, update, confirm or to release publicly any revisions to any forward-looking statements to reflect events that occur or circumstances that arise in relation to the content of this press release, unless it is required by law or Nasdaq Stockholm's rule book for issuers.

**Information to distributors**

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the shares in NP3 have been subject to a product approval process, which has determined that such shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II (the "Positive Target Market"); and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II. Distributors should note that: the price of the shares in NP3 may decline and investors could lose all or part of their investment, the shares in NP3 offer no guaranteed income and no capital protection and an investment in the shares in NP3 is only compatible with investors who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. Conversely, an investment in the shares in NP3 is not compatible with investors who need full capital protection or full repayment of the amount invested, have no risk tolerance or require a fully guaranteed income or fully predictable return profile (the "Negative Target Market", and together with the Positive Target Market, the "Target Market"). The Target Market assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Share Issue.

For the avoidance of doubt, the Target Market assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the

shares in NP3.

Each distributor is responsible for undertaking its own Target Market assessment in respect of the shares in NP3 and determining appropriate distribution channels.
