Berner Industrier has divested Bullerbekämparen

On 3 September 2026, Berner Industrier announced that the Board of Directors had initiated a strategic review regarding the subsidiary Bullerbekämparen Svenska AB (Bullerbekämparen) to evaluate possible alternatives for the company. The review has now led to Berner Industrier, through a subsidiary, entered into an agreement and today completed a divestment of all shares in Bullerbekämparen to Reuterwall Holding AB.

Bullerbekämparen is active in sound-dampening products and solutions, including in industry. The buyer is the majority owner of Industridraperier i Örebro AB, with a complementary range. Together, the two companies intend to create a stronger whole in Nordic noise reduction.

Bullerbekämparen was one of the Group's smallest companies and had sales of SEK 26 million in 2025, with a weak result. The company has been part of Berner Industrier's Energy & Environment business area. The transaction is expected to have only a marginal impact on the Group's sales and earnings.
