

## Lifco acquires Green Instruments in Denmark

**Lifco has signed an agreement to acquire all the shares in the Danish company Green Instruments A/S. The company is specialized in the design, development and manufacturing of systems for measuring and monitoring emissions from vessels.**

In 2022, Green Instruments reported net sales of approximately DKK 194 million. The company is based in Brønderslev, Denmark, and has around 75 employees. Green Instruments will be consolidated in Business Area Systems Solutions, division Environmental Technology. Consolidation is expected to take place in the fourth quarter of 2023.

The acquisition will not have any significant effect on Lifco's earnings or financial position in current financial year.
