ORGANOCLICK LOSES SALES TO LARGER CUSTOMER

OrganoClick (the "Group") today announces that one of the Group's major customers will terminate its purchases as of July 1, 2026. This means a sales loss of approximately 25% on an annual basis for the Group. The reason is price pressure from competing alternatives and the weak economy. OrganoClick has begun work on mitigating measures to counteract the loss of revenue.

About Us

About OrganoClick

.....
OrganoClick is a Swedish green chemical company, founded in 2006 replacing hidden plastic and harmful chemicals in fiber-based materials with green chemical solutions based on fossil-free raw materials. Based on the company's patented "OrganoClick" technologies, which are inspired by nature's chemistry, OrganoClick develops, produces and markets a range of products with the aim of enabling a green transition. For example, the biobased binder OC-BioBinder for the nonwoven and paper industry, the biodegradable textile impregnation OrganoTex® for consumers and the textile industry, the biocidal-free wood protection technology OrganoWood® for wood treatment companies and the construction industry, as well as eco-labelled maintenance products for home owners under the BIOkleen brand. OrganoClick was founded as a spin-off from Stockholm University and the Swedish Agricultural University and has received several awards for its green innovations, including being named a "Climate Solver" by the World Wide Fund for Nature - WWF. The company is listed on the Nasdaq First North Growth Market and has its headquarters, production and R&D in Täby, north of Stockholm. OrganoClick's Certified Adviser on the Nasdaq First North Growth Market is Mangold Fondkommission AB, tel: +46 (0)8 503 01 551, email: ca@mangold.se.
