Launch of the game Evoland II in China

Fragbite Group AB's subsidiary Playdigious SAS has today launched the game Evoland II in China.

Evoland II was initially developed for PC by the game studio Shiro Games in August 2015 and has sold over 500,000 units on PC. Playdigious has earlier developed the mobile versions of the same game, which has now been approved for release on the Chinese market in a partnership with XD Network.

Playdigious places traditional PC games on primarily mobile platforms, where well-known PC games such as e.g. Dead Cells, Northgard and Evoland has been launched for mobile players.
