About PILA PHARMA AB (Publ)

PILA PHARMA AB is a Swedish clinical stage biotech company based in Malmö, Sweden. The aim of the company is to develop TRPV1 antagonists as a novel treatment of obesity and diabetes. The Company owns a TRPV1 asset with data and chemical entities including the clinical development candidate XEN-D0501. In July 2022, the Company was moreover awarded orphan drug designation ("ODD") for XEN-D0501 as a treatment for the painful rare disease erythromelalgia.
