

W5 Solutions has been awarded a contract extension for Service & Maintenance with an estimated order value of 60 – 80 MSEK until the end of 2025, within the live-fire training domain.

The order is an extension to an existing frame agreement with an estimated order value of 60 – 80 MSEK. The original contract won by W5 Solutions began in 2019 and includes repair, service and maintenance for all major live-fire training systems used, incorporating onsite support. The order is from an existing Nordic government customer to support and maintain a deployed live-fire training system.

“The Service and Maintenance is the backbone of W5 in order to provide high-level customer satisfaction. We are grateful and honoured that we have been given the trust to continue to maintain the systems so we can support and provide a high level of system availability” says Robert Dahlqvist, EVP and head of sales
