Newbury expands its portfolio with two ready to launch products

Newbury Pharmaceuticals is pleased to announce the expansion of its portfolio with Daptomycin and Linezolid with already granted Marketing Authorizations (MA) in Sweden.

"I am pleased to announce the addition of two new products to our portfolio and in particular that these two products will be available for commercialization already in 2023." Says Mr. Lars Minor, CEO of Newbury.

Both products are sourced from new partners to Newbury and based on a Distribution and Marketing agreement where Newbury will perform the commercialization in the territory.
