

Press announcement 2020-03-10

Acconeer receives an order from a European customer worth USD 14 700

The order relates to Acconeer's A111 radar sensor, for production of the customer's IoT solution.

Lars Lindell, CEO Acconeer, comments: "About two years after launch, we see another order confirming that our customers now are ready to start mass-production of systems containing our A111 radar sensor."

About Acconeer AB

Acconeer is a leading radar sensor company based in Lund, south Sweden, in Ideon, the country's hottest region for wireless technologies. Acconeer is developing a truly leading ultra-low power, high precision 3D sensor which will revolutionize the way that mobile devices interpret their surroundings. Acconeers ultra-low power and millimeter precision sensor will be a robust and cost-effective solution for applications ranging from virtual reality and gaming to security and robot control. Information from the sensor can also be used to identify different materials, these are just some examples of the wide range of possibilities of application areas for the sensor. Acconeer is listed on Nasdaq First North Growth Market with the ticker code ACCON, Redeye is the company's Certified Advisor (CA) and can be reached via telephone +46 (0)8 121 576 90 or via mail certifiedadvisor@redeye.se.
